PROFILE SUMMARY

Computer Networking undergraduate at NSBM Green University with knowledge of computer networks, cybersecurity, VoIP technologies, and IT infrastructure. Experienced in academic and group projects involving network design, system implementation, and troubleshooting. Possess strong communication, teamwork, and analytical skills with a passion for learning new technologies. Seeking an internship opportunity to enhance technical expertise and contribute effectively to a professional IT environment.

EDUCATION

Bachelor of Science in Computer Networks (Honours)

NSBM Green University Sri Lanka

Sep2023 - Present

Advanced Level (G.C.E. A/L) – Engineering technology Stream

Walisinghe Harishchandra Collage , Anuradhapura

2021

PROJECT

Warehouse Management System

- Technologies: **Java EE, JSP, Servlets, JDBC, MySQL, GitHub**
- Developed a web-based Warehouse Management System.
- Implemented inventory, order, and user management features.
- Applied MVC architecture using JSP, Servlets, and JDBC.
- Contributed to requirements analysis and documentation.

VoIP System Deployment (Group Project)

- Built and configured an Asterisk-based VoIP environment on FreeBSD using VMware.
- Technologies: **Asterisk and FreeBSD**
- Configured SIP users, dial plans, softphone registration, and VoIP calling.
- Implemented firewall and security controls using PF Firewall and Fail2ban.
- Troubleshot networking, NAT, SIP registration, and VoIP connectivity issues.

Network Security Firewall Configuration (Group Project)

- Technologies: **Cisco ASA Firewall, ACLs, Routing, VLANs, Cisco Packet Tracer, Network, Security**
- Configured Cisco ASA Firewall and ACLs to secure a LAN environment.
- Implemented HTTP-only access policies and verified routing/connectivity.
- Used Cisco Packet Tracer for firewall and network security testing.

RelaxOn – Mobile Application UI/UX Design (Group Project)

- Designed accessible UI/UX prototypes using Figma.
- Technologies : **Figma**
- Applied inclusive design principles for diverse users.
- Created navigation flows for wellness-focused features.

TECHNICAL SKILLS

- **Programming** - Java , SQL , HTML , CSS , JavaScript
- **Data Base** - MySQL , phpMyAdmin
- **Networking & Security** - TCP/IP , Routing & Switching , VoIp , Network Troubleshooting
- **Software** - NetBeans , VS Code , Apache Tomcat , Figma , Cisco packetTracer,wireshark
- **Soft Skills** – Problem Solving , Critical Thinking , Microsoft Office Relationship Building

CERTIFICATE

Web Design for Beginners

- course offered by the Open Learning Platform of University of Moratuwa. conducted by Department of Information Technology .

Python Programming

- Python Programming course conducted by the University of Moratuwa through the Centre for Open & Distance Learning (CODL).

Python For Beginner

- course offered by the Open Learning Platform of University of Moratuwa. conducted by Department of Computer Science & Engineering

Networking Devices and Initial Configuration

- Earned a Certificate of Course Completion from Cisco Networking Academy.

Diploma in Graphic Design – Oracle Academy (Pvt) Ltd

- Completed a professional diploma in Graphic Design, gaining practical knowledge in visual communication, branding, digital design, and creative content creation.

Diploma in Microsoft Office – Oracle Academy (Pvt) Ltd

- Completed a professional diploma in Microsoft Office, developing proficiency in Word, Excel, and PowerPoint for effective document management, data analysis, and presentation design.
